

TSP60 PRO

Advanced Feature Plastic Roof Vent

TSP60 PRO FEATURES

- Patent pending design
- Inner guard stops pest intrusion
- 18" x 16" mesh screen for enhanced weather protection
- Low profile design
- Designed for fast installation
- Pure impact-resistant polypropylene will not dent or crack in extreme heat or cold installations
- Additives provide superior resistance to fading and UV degradation
- Same tried and proven polypropylene material that has been used on Omni Series Ridge Vents for over 20 years
- **Lifetime Limited Warranty**

1. Made from high impact strength plastic for durability
2. Low profile design blends into roof
3. 18"x16" screen provides enhanced weather protection and pest resistance
